APPREHENSIONS

The Instant Eyewitness means fast response to catch intruders - in contrast to DVRs used to identify an intruder after an incident occurs.

VIDEO SECURITY

UNPLUGGED

AFFORDABLE

PORTABLE

ANYWHERE

EMPOWER Your Surveillance

VIDEOFIED™ enhances sophisticated surveillance systems, acting as "remote sentries" that can be located anywhere, providing instant video alerts of intrusions. Once alerted, site managers or guard staff can use the power of their megapixel pan/tilt/zoom cameras and surveillance system to coordinate incident response.

Cameras
Mounted Anywhere

Portable Remote Sentries

The portable battery powered P-Cam (PIR motion sensor with integrated camera and illuminators) can be installed anywhere; often mounted on portable stands (pipe in a concrete-filled bucket) that can be picked up and moved around as the situation demands - no trenching, no wires.The integrated PIR motion sensor detects intruders in storms and blizzards, ignoring the rain or snow.

VIDEO SECURITY UNPLUGGED

- No AC Power
- 4 year Battery Life
- Weatherproof (-20°/+60°C -10°/+140°F)
- Totally Wireless Operation
- Instant Installation
- Video Alarm sent over Cell Network to Monitoring Station
- Eliminate Alarm Fines

Integrated GPRS
Cell Module Communicator

Self Powered
(Up to 4 year battery life)
